

THE UNITED REPUBLIC OF TANZANIA
NATIONAL EXAMINATIONS COUNCIL
CERTIFICATE OF SECONDARY EDUCATION EXAMINATION

036/2

INFORMATION AND COMPUTER STUDIES 2
(PRACTICAL)
(For Both School and Private Candidates)

TIME: 3 Hours

Thursday 23rd October 2008 a.m.

Instructions

1. This paper consists of three (3) questions.
2. Answer two (2) questions only.
3. Mathematical tables, mathematical formulae and slide rules may be used.
4. Show all steps in your working, giving answers at each stage.
5. Electronic calculators are not allowed in the examination room.
6. Cellular phones are not allowed in the examination room.
7. Write your Examination Number on every page of your answer booklet(s).

This paper consists of 3 printed pages

Study the annual rainfall statistics recorded from four weather stations in a duration of six years.

SITE NAME	YEARS					
	2000	2001	2002	2003	2004	2005
KIJIWE KIKUU	200	150	300	400	260	320
NSOO	210	190	299	390	280	297
SAHASABA SHAURIYAKOO	250	98	259	300	159	310
KIVULINI	270	100	310	349	278	299

Use Microsoft Excel to work out the following:

- Enter the data in a spreadsheet and wrap texts 'Kijiwe Kikuu' and 'Sahasaba Shauriyako'.
- Determine average amount of rainfall for the year 2001.
- Create a chart to illustrate rainfall records for years 2004 and 2005.
- Generate the formula to determine maximum and minimum amount of rainfall in the spreadsheet.
- Rename your worksheet as 'Rainfall records'.
- Orient all years to 45°.
- Use 25% grey colour to fill cells with texts 'Site name' and 'Years'.
- Create a column to the right of Site names and generate formula to change case for 'Site Names' to title case.
- Change the font for site names to Arial and labels to Arial black.
- Align all rainfall records to the centre.
- Write the cell reference for Maximum score.
- Write the cell reference for Minimum score. (25 marks)

- Create a computerized database to hold the following information:
Set of input mask in the fields: title; and address
- Set the correct data types and enter the records
-

- (b) Create a query (author) to display the book title, publisher and a new field control that displays the author and the address.
- (c) Maziwagi wants to search for a title called fool comp studies. Give him/her a help for easy electronic searching in a database. (25 marks)
3. Halima is assigned by her teachers to create a computerized data information system for her terminal assessments. She takes Computer studies, Additional Mathematics, Physics, Kiswahili, English, Biology and Chemistry. Her course study assessment per subject for a term include course work, project, exams and test.
- (a) (i) Create a table and enter records (make marks of your own) for her, save the file as Halima assessment.
- (ii) Prepare a query to display average score per subject.
- (b) Design her terminal report by indicating total and average scores per subject, names, gender. The school name is Shangazi dada secondary school, address P. O. Box 4671 Vokokotoni, Tanzania. Make your work as presentable as possible by using paper size A5, portrait orientation with margins 0.5 inches or 13 cm both sides. (25 marks)
